2017-2019

For justice to which we are all called,
and for charity which is a privilege
for all of us to offer, we join our
prayers and financial resources with
these organizations and groups as they
work for a more just global community.

INTRODUCTION

We discern as a congregation which urgent and critical global concerns we are called to address and we dare to respond boldly in unsuspected ways.

(Love Gives Everything)

The Atlantic-Midwest Province has responded to this challenge since its beginning by establishing the **Gospel Fund** which provides grants to small organizations working for justice. These groups would not be eligible for bank loans; their programs benefit people, mostly women and children, caught in poverty, human rights abuses, or environmental devastation.

Each year US\$125,000 and CA\$150,000 are distributed through applications and requests from many countries throughout our world. This booklet lists the **Gospel Fund Grantees** from 2017-2019.

RECIPIENT EXAMPLES

Missionaries of Africa

The missionaries of Africa are present and active in 25 countries within Africa. In Niamey, Niger the operation of facilities depends on the National Electrical Company. This company uses some fuel for production of electricity which leads to numerous power cuts. Installation of solar panels will reduce dependency on electricity.

Catholic Missions in Canada

Missions of 25 dioceses are in remote and in-need areas of Canada. Communities are often fly-in regions. Everything is expensive because food has to be flown in and heating costs are high. Bishops depend on donations to subsidize missionary service to poor communities.

For over 40 years, this organization has worked closely with activists and inspired organizations throughout the world to build peace, advance justice, and globalize equality. Their programs largely focus on six global issues: food, sovereignty, women's equality, peace and democracy, economic justice, health, and migration.
